

## CAROLINA LAWYERS HAVE CASE READY

Go to Asheville To-Day With  
Bulky and Learned Answer  
to Railroads' Protests.

## SAY THEY WILL WIN OUT

Attorneys Who Have Prepared  
State's Answer Confidently  
Expect Success.

[Special to The Times-Dispatch.]  
RALEIGH, N. C., June 24.—The members of the Corporation Commission will go to-morrow with counsel to Asheville to appear before Judge Pritchard in the United States Circuit Court and make answer in the injunction and other proceedings instituted against the Corporation Commission and the Attorney-General by the Southern, the Atlantic Coast Line, the Seaboard Air Line and other railroad companies, to restrain the State officials from putting into effect the act of the last Legislature fixing the passenger rate at 21-4 cents and reducing freight rates. The answer on the part of the commission has been completed, and is ready to be presented to the judge. Counsel are very hopeful of having the case rushed to a speedy settlement, and say they are sure of winning out in the legal fight. The commission and the Attorney-General are represented in the litigation to sustain the act by W. E. Daniel, Weldon; ex-Judge James E. Shepherd, Raleigh; E. Woodard, Wilson; and Winston and Bryant, Durham.

**Telegraphers' Case.**  
The morning session of the Corporation Commission, in connection with the hearing on the petition of the Atlantic Coast Line, Southern and Seaboard Air Line Railroads for the operation of the eight-hour law as to railroad operators to be deferred and the companies permitted to keep operators on duty as long as twelve hours, was taken up principally with the cross-examination of Superintendent W. H. Newell, of the Atlantic Coast Line, whose direct testimony favoring the petition was taken Saturday. He was questioned as to the duties and the pay of agent-operators at a great number of small stations, and operators at blockhouses specified in the Coast Line petition as desired to conclude his testimony. Superintendent Newell declared that from his own experience and observation an operator-agent would be in better mental and physical condition to perform the duties if he was on twelve hours and off twelve hours, than if he were on eight hours, then casting about in games or other effort for eight and then sleeping eight hours.

## PARALYSIS REACHES BRAIN

Last Reports from Cedar Mountain Indicate That End  
is Near.

[Special to The Times-Dispatch.]  
BREVARD, N. C., June 24.—Bishop Ellison Capers, of the Episcopal Diocese of South Carolina, who has been desperately ill at his summer home on Cedar Mountain for a week, was barely alive when a messenger left there for Brevard late to-night. While all hope of his recovery has not been abandoned, his condition is such as to hold out little or no hope that he will survive. There has been no spread of the paralysis since yesterday, which was then affecting his brain.  
At his bedside, in consultation with Dr. Hunt, of Brevard, are Dr. Johnson, of Charleston, and Dr. Bottoms, of Greenville. Mrs. Capers, their daughter, Mrs. Satterlee, and his sons have been summoned by wire.  
A week ago Bishop Capers was preparing to leave for Seawane, Tenn., of which institution he is chancellor, but he was forced to remain at home. He was then suffering greatly with his knee, and when a physician was called it was found that he was on the verge of nervous prostration. Symptoms of paralysis did not develop until the following day. Since then it has gradually attacked his vitality. The patient is bearing his affliction with great fortitude.

Many telegrams have been received by the family from all parts of the South, conveying expressions of deepest sympathy and hope.

Pittsylvania Farmer, Who Stopped for Shelter Under Tree, Is Struck by Lightning.

[Special to The Times-Dispatch.]  
DANVILLE, Va., June 24.—Mr. John Taylor, an aged farmer, of near Design, was shocked by lightning yesterday afternoon and quite seriously injured, although at latest reports he is said to be doing nicely, and no fatal results will, it is believed, ensue.

He was on his way to Design, where he intended attending church services.  
About 2 o'clock he reached Design, but was caught in a rather heavy shower of rain, and stopped beneath a large shade tree almost within sight of the church for which he was bound. While standing beneath this tree, the tree was struck by a bolt of lightning, which ran down the trunk to the ground, and Mr. Taylor was shocked. He was knocked senseless, many believing at first that he was dead. After much effort he was restored to consciousness, and then, after working on him for some time afterwards, he was taken back to his home by a number of friends.

# S.S.S. KILLS THE GERMS OF SCROFULA

Through the blood, diseases are carried from one generation to another. Parents transmit them to their children, and so it goes on down the family line for years and years unless the taint is removed from the blood. Especially is this true of Scrofula, for it is a disease that is "bred in the bone," and unless the blood is purified and every trace of the trouble removed the miserable disease will finally undermine the entire health and wreck the life of its victim. The usual symptoms of Scrofula are enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, Catarrh of the head and throat, skin diseases, etc. The trouble being so firmly entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a waxy, pallid appearance of the skin, loss of strength and energy, and often lung affections, show that the disease is entirely destroying the bright red corpuscles and rich, nutritive qualities of the blood. Scrofula being a constitutional disease, one affecting the entire circulation, must be treated with a remedy that builds up and strengthens every part of the system, which has so long been denied the strength and nourishment it should have received from the blood. S. S. S. is the best of all blood purifiers and the greatest of all tonics, and is therefore the ideal remedy for Scrofula. S. S. S. searches out and destroys all germs, taints and poisons, gives strength, richness and vigor to the blood and cures Scrofula permanently. It so thoroughly removes the trouble from the blood that no signs of it are ever seen again, and posterity is started out in life with a clean, pure blood supply, which is their rightful inheritance. S. S. S. while thorough, is gentle in its action, and the healing vegetable ingredients which compose it build up every part of the system.
